Suggestions for UU're Home Hosts

1. Descriptions should be as current as possible. If they haven't been changed for several years, maybe it's time for an update; please remember to notify us if you change your e-mail address.
2. If guestrooms are located in areas other than the main or second floor, that should be noted.
3. Accommodations must be CLEAN! If towels aren't changed daily, the owner should explain the system to arriving guests.
4. If bathrooms are shared, they should be uncluttered, with ample space for guests' toiletries (at least while they're using them).
5. Guestrooms should be uncluttered, with space for luggage, and closet space with hangers.
6. Useful amenities include drinking glasses or paper cups, Kleenex (in bedroom and bathroom), hand lotion, clock, radio, good lighting, and fans if the room isn't air-conditioned.
7. Hosts should take a good look at the room(s) they're renting. Do they need a coat of paint, or new wallpaper? Are curtains, bedspread, doilies, etc. faded, or worse yet, dusty?
8. Talk about breakfast... food allergies, preferred hot beverages, time, etc. If unhosted, be sure guests will be able to find what they need. If at all possible, join your guests for breakfast. It's fun, and guests are appreciative. Guests feel uncomfortable when they are the only guests and host(s) stay in the kitchen!
9. Explain about areas in the house where guests are welcome.
